Subject: Staff Committee Question from Keating Elementary

Good afternoon,

It has been brought to our attention that there is a new Health and Wellness Program to better support the health and wellness of staff that will be implemented in the next school year. It is our understanding that there will be a manager hired for this program. We would like to know more about the program, the role/job description of the manager, the length of this program/position, how it is projected to be cost neutral, and how it will be funded if it doesn't prove to be cost neutral. The more information you can provide, the better. Thank you for your time. We look forward to hearing from you.
