## Highlight on Student Successes

New student entered Grade 2 with literacy skills we would expect for the beginning of kindergarten.

- Significant gaps in K and Grade 1 education
- Health issues
- Emotional trauma
- Barriers to engaging in classroom instruction
- Previously would not have received intervention

Reading skills improved $1 \frac{1}{2}$ grade levels in 4 months. They will likely stay emerging on their report card.

## Highlight on Student Successes

Student entered Grade 1 with gaps in letter knowledge and ability to blend sounds together. They were able to read 2 words, despite targeted small group and individual instruction.

- English is not first language
- Family trauma
- Attention a significant barrier to engaging in classroom instruction

Now has all letter sounds, allowing them to decode multiple words. They are a confident beginning reader and speller.

## Key Takeaways

- Importance of early intervention
- Importance of continuous literacy instruction \& support
- Need for Intermediate literacy and supporting transitions
- Continued work to provide equity in access to literacy interventions

## Next Steps

- Continue to build on data story
- Identify barriers
- Track micro and macro data

Subject: School Calendars (Addendum) 2025-26 and 2026-27
Date:
April 11 ${ }^{\text {th }}, 2024$

## Background/Rationale:

In January 2022, the Board approved School Calendars for 2022-23, 2023-24, and 2024-25. We are currently in year two of the three-year cycle, with the 2024-25 school year being our last. In conversation with School Districts 61 and 62, there is an interest in moving our consultation and approval process forward to lock down school calendars for 2026-26, and 2026-27.

During February and March 2024, we met with School Districts 61 and 62 to discuss and align the proposed calendars where possible in preparation for district-based consultation. After the creation of the draft calendars, we met with partner groups (STA, CUPE, STA) to gather input and amendment recommendations. The prepared calendars submitted for consideration have been approved for review to the Education Directions Committee.

## Context

School districts are required to submit a school calendar to the Ministry of Education for the following school year no later than March 31st of each year. As we have confirmed next year's calendar as of March 2022, we can submit subsequent year calendars in the summer for Ministry approval.

As per the attached School Calendar Regulation, the proposed school calendar must be made publicly available for consultation at least one month before the date it is to be submitted to the minister.

The attached school calendars for the years 2025/26 and 2026/27 are proposed for public feedback and consultation from April $18^{\text {th }}$ to May $28^{\text {th }}, 2024$. The timing allows the public to provide feedback, with time for the Board to consider the feedback, and, if necessary, adjust the proposed calendars prior to formally adopting the calendars at the June 2024 Board meeting.

The proposed calendars meet the following objectives and obligations:

- As per the Collective Agreement with the Saanich Teachers' Association, Spring Break must begin on the third Monday in March;
- For the 2013-2014 school year, the Board adopted a calendar with one week of spring break and a week of closure time, and subsequent Boards have maintained this model;
- The three local school districts $(61,62$, and 63$)$ try to align the school calendars as much as possible, in particular the spring break and closure weeks; and
- The number of non-instructional/professional development dates are balanced between semesters.

## Recommendation

That the Board forward the school calendars, 2025/26 and 2026/27 for public consultation for the dates April $26^{\text {th }}$ to May $28^{\text {th }}, 2024$.

Submitted with respect,

Paul McKenzie
Assistant Superintendent
PM/skd
Encl.
