Dear School Trustees,

I am writing to you as a citizen rather than as COPACS chair, to advocate for your contributions to a municipal discussion coming up this week in Central Saanich.

This week's Central Saanich [Healthy Community meeting](#) includes a discussion of the **Wallace bike path and the plans do not include a separated bike lane**. I think this is insufficient infrastructure for our kids trying to get to school at three neighbourhood schools within our district.

I am asking if the school board will send a letter to [council](#) and [Director of engineering](#) advocating the need for safe bicycling facilities for our kids.

The meeting is this [Thursday, May 30th from 3:00 - 4:00 pm](#). You can find more information on the proposed design here for the [Wallace bike lanes](#) between Brentwood and Stelly's cross road or join me in person to demonstrate community commitment to safe and accessible active routes to school.

Thank you for your advocacy on behalf of families and vulnerable road users and in alignment with our Student Transportation policy,

Kind regards,

Megan
